## MALINDA

Malinda, Nebr., Feb. 27—The continued winter is causing the ranchers to distribute quite a quantity of feed to their stock.

J. W. Meek and D. C. McLean are quite busy these days hauling hay from L. A. Dean's.

J. R. Nerud and Montie Montz were business callers at Malinda Friday.

Troy Wentz is still herding J. W. Meek's cattle—Troy is getting to be quite a cowboy.

J. W. Cogar made a business trip to the town of Malinda one day this week.

Mr. and Mrs. J. W. Shreve, who have been visiting at L. A. Dean's the past several weeks started Wednesday for Pender, Nebr., where they will visit Mr. Shreve's brother Lum before returning to their home in Sloan, Ia.

L. A. Dean made a business trip to Minatare Wednesday of this week, returning Thursday. He reports the roads in bad condition.

Troy and the jackrabbits have a fine time batching on the Gaines Chapman ranch, while herding J. W. Meek's cattle.

L. A. Dean reports a very narrow escape which a Mr. Howard from near Bergo had with his team Wednesday as he was going to Minatare. Mr. Howard, on crossing one of the deep ditches about a mile and a half east of Minatare loosed his team from the wagon and drove them into the ditch to give them water, when the team mired down. Only for the timely aid of Mr. Dean, he perhaps would have lost his valuable team.

Hamlin Ferguson, who has been in Iowa for some months shucking corn, returned home Monday.

Ed Sweezy is having a new well drilled on his place. Chas. Wickard and Roy Ware are doing the work.

Mr. and Mrs. J. B. Conrad was visiting L. A. Dean's, last Sunday. Cal Derr has been on the sick list for several days, but is better at this writing.

Mr. and Mrs. A. C. Wright were at Minatare Tuesday.

Miss Sarah Dake, who has been on a business trip to different towns and cities in the interest of her profession, has returned home.

We are glad to learn that Louie Dake has returned to our neighborhood. He is working for Joe Nerud.

**Bought in Quantities**  
A railroad man who used to work in Alliance was always known as "Panthandle Pete." Pete was in hard circumstances and because of the fact that his creditors kept his

pay checks garnisheed he didn't know what it was to draw a check, and the only pay checks he ever saw were those drawn by his friends. After living in Alliance for several months he finally was transferred to Crawford, and unusual to relate, drew a pay check for the first time in many months, to the amount of \$63. Pete didn't know what to do with the check but figured that it ought to be made to go as far as possible. He went to a phonograph store and inquired regarding a machine that suited his fancy. "Well," said the salesman, "the cost of one is \$35 with a dozen records, but you can buy two for \$60 and get three dozen records." Pete bought the two machines and ordered them sent up to the house with the three dozen records. His wife wanted him to buy a molasses pitcher so he went to another store and found that one pitcher would cost 25c, while he could buy twelve for \$2.25. He bought the whole dozen. We didn't learn what he did with the 75c he had left.

**Pays to Roll Wheat**  
In view of the fact that the Nebraska experiment station has found

that rolling wheat increases the yield over five bushels an acre when roots are exposed thru surface cracking, farmers are considering this a profitable practice this spring. The experiment station has found that harrowing after rolling was not as good as rolling alone, and that rolling alone may profitably be done after the frost is out.

The county agricultural agents have found but very little difference in yield where spring rains have been regular and timely enough to pack the soil and prevent checking. Where the ground is dry and the surface left checked and no timely rains have come to pack the soil, however, the usual increase in yield has followed from rolling. The agronomists caution against rolling ground when it is wet. If the soil is dry, rolling aids in forming a surface mulch and does not compact the surface.

"MODERN CLOTHES FOR 'MEN'"

Alliance, Nebr., March 4th, 1915

Dear Friend:—

"My Business Birthday."

Last week I passed my fourth birthday. As a business man I am four years old. I can't let the occasion pass without a word or two addressed particularly to the young man associated with me in the store, and to the good staunch friends and loyal customers, by whose aid I have been able to climb a little way up the ladder of success.

Our motto has always been: "To the other man's business we give our respects; to our own we give our attention, our ability and our all."

Ours will always be a progressive and aggressive policy. For your business we will fight with fair methods and first-class merchandise, not over-priced, but never, never with slander.

I find it hard to express in a few words my deep sense of obligation for, and my sincere appreciation of, your help and patronage. This means all of you—the man who buys a fifty-cent work shirt, as well as the man who buys a silk-lined overcoat.

Yours very truly,

E. G. Laing,  
"Modern Clothes for Men."

## CHILDREN'S EYES

The eye of every school child should be examined by an expert Optometrist. We try to impress the importance of this on everyone. It may not be the fault of the child because she has failed in her studies. We recommend spectacles for children. Eye glasses should not be worn, as they are held in position by pressure which, no matter how slight, may retard the natural growth of the nose.

## Sick Headache.

Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time."
